## How you can support local bat conservation.....

Fly By Night, Inc. is a 501-C-3 not for profit conservation organization & we need your support. Your tax deductible donation of cash or any of the items listed below will enable us to continue our bat conservation efforts. All bats in our care are provided with a special diet, medical attention & housing as needed. Special housing includes heated nursery enclosures and a prerelease flight cage & veterinary care as needed (for injured bats can be costly). Our goal is freedom and bats are released as soon as possible, but long-term care & housing is provided for bats which are not releasable.

Please call if you have other items, as this list is focused on our captive bats and is far from complete – we also need materials / supplies to help with our bat houses, management & research projects.
